4 Piece Tip Set

KTOS177

Kit includes

- Soldering tip for electrical & electronic repairs, terminating wires & cables.
- Engraving tip for engraving, wood burning & stained glass work.
- Hot knife tip for cutting thin plastic, trimming vinyl tiles/Plastic sheeting & cutting & fusing poly rope.
- Needle point tip for cutting & shaping foam & puncturing holes.

Handy Tips

- With every refill of purified butane gas, wait a minute or two for gas to settle. This will stop flaring.
- Always use Purified Butane Gas. Poor quality gas will damage the product & void warranty.
- Never try to repair or modify the product.
